

HYDROTEK ENGINEERING COMPANY (a subsidiary of Al Injazat Holding Company KSCC), established in January 2001, specializes in various engineering fields across our trading and contracting divisions for all sectors in Kuwait. We are partnered with reputed manufacturers across the globe

We, **Oil & Gas/Power Division-Group 1** (a division of Hydrotek Engineering company) are engaged in the disciplines of Instrumentation, Mechanical and Electrical Engineering. We offer comprehensive solutions to our customers depending on their requirements and applications. We have a team of highly qualified and experienced engineers

Our Strengths

- . Aggressive local market penetration
- . Strong end user relations
- . Key involvement during tender preparation stages
- . Generation of the projects engaging directly with end users
- . Active marketing and after sales support provided
- . Solution provider to clients

Our Manufacturers:

We have partnered with the following most respected companies:

Filtration Units, Strainers, Mesh

Pneumatic Control System-Air Preparation Equipment, Air line Equipment, Directional Control Valve & Actuators

Air Circuit Breakers, Moulded Case Circuit Breakers, DIN Modular Protection, Contactors, Earth Leakage Relays, Final Distribution Products, Retrofitting of Circuit Breakers, Switchgears

azbil

Control Valves, Positioners & Field Instruments

Process Filters, Pressure Vessels etc

Kubota
Valves

Butterfly Valves, Self Cleaning Filters / Strainers

NAGANO KEIKI

Gauges & Switches

xylem
Let's Solve Water

Xylem (ITT) Pumps (Vogel, Flygt, Lowara)

Limitorque
FLOWSERVE

Actuators (Power Sector)

GESTRA

Steam Traps, Check Valves and Control Valves

THI TULSA HEATERS INC.

Fired Heaters

Dwyer Instruments International

**Instruments for Pressure, Flow, Temperature, Level,
Process Control, HVAC, Data Loggers & Recorders etc.**

NEW COSMOS ELECTRIC CO., LTD.

Gas Detection & Alarm System

Soot Blowers

SANWA TEKKI CORPORATION

Pipe Hangers, Supports & Snubbers

BF KOEYD KAISHA LTD.

Butterfly Valves

Kyokuto Rubber Co., Ltd.

Rubber Expansion Joints

TUBE PRODUCTS INCORPORATE

Carbon Steel Pipe Fittings

**Oil in Water Analyzers, Ammonia Analyzer, VOC Gas
Monitor, Trihalomethane Monitor**

Kosaka Laboratory Ltd.

**Screw Pump (Single, Twin & Three Spindle),
Chemical Pumps**

Valves (Gate, Globe, Check & Ball)

MOTOYAMA ENG. WORKS, LTD.

Control Valves, Safety Valves, Field Instruments

Process Filters

Our Products:-

- Field Instruments
- Pneumatic Instruments
- Control Valves & Positioners
- Gauges & Switches
- Analyzers & Gas Detectors
- Motors
- Switchgears
- Pumps
- Valves & Actuators
- Steam Traps & Expansion Joints
- Direct Fired Heaters
- Filters & Strainers
- Pipe & Fittings
